DETAILED ACTION

1. Receipt is acknowledged of amendments filed on 12/23/2004.
2. Claims 13-26 are presented for examination.

Allowable Subject Matter

3. Claims 13-26 are allowed.
4. The following is an examiner's statement of reasons for allowance: Although the prior art of record, Reiner et al. (U.S. 5,999,713) discloses a chip card with a contactless energy supply and data transmission devices with a triggerable switch provided on the chip connecting the ship either to the contacts or the device for contactless data transmission, but taken alone or in combination with of other references, fails to teach a contact point in a contact/contact-less or hybrid type card, and a circuit that receives voltage through the an antenna and provides an operating voltage to the internal circuit of a contact/contact-less card that is lower than voltage received from the contact point, and further, by providing the internal circuit with a voltage limiter means and by setting an output voltage of the voltage conversion means lower than a limit voltage set in the voltage limiter means.. These limitations in conjunction with other limitations with the claims were not shown by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
